

From US to YOU—our very first newsletter!

Our new look

Our website has been redesigned with you in mind- you will find it much easier to navigate through our pages and find our fresh, innovative, natural and organic ingredients. Thanks for all the feedback - keep it coming! Our aim is to make your shopping experience easy & friendly!

Messy and Botchy: **Henna** and **Indigo**?

Given up henna and indigo -simply because you did not know how to apply them? Let your experience be described by neat, sleek, and easy! Get the job done by experts. Two **professional hairdressers** are now available to assist you. For details refer to our [Organic Hair Care](#) page.

Cool off this summer!

We have just introduced [Natural Fruit Powders](#)— with no added sugar.

Our Natural Fruit powders when dissolved in water, form the original juice- reconstituted perfectly! So how about getting yourself those pouches and beating the summer heat in the most healthy way? No guilt involved- get that milk shake or smoothie together!

Spot Tip

Cinnamon booster for Type 2 diabetes!
Research indicates that cinnamon improves the glucose and lipids of people with type 2 diabetes. About 6g is all you need per day! Order your cinnamon now.

Enrol in the new Loyalty e-Card program and earn 1 point for every dollar spent. Periodic promotional discounts will be offered exclusively to Loyalty Members.

Spiced Out?

Selecting the exact spices for the different foods can be challenging, particularly when there are so many spices. Have you concocted different spices in various combos only to be disappointed with too much of one and too little of another? Well, you can now enjoy the health benefits of all those special natural organic spices so easily!

Nature Shop now has a brand new range of Certified Organic Spice Blends— easy and ready-to-use. Just open up a pouch, follow the simple recipe provided, and viola! You will be on to a healthy, tasty meal in a jiffy!

Our spice blends are unique- not the stock-standard ones available. Most commonly available spice blends contain fillers (like sugar), anti-caking agents, artificial colors (yikes!), not to mention horrid flavor enhancers and zillions of preservatives. Nature Shop Spice Blends are certified organic with no additives! Made in small batches (as per market requirements), blended freshly and naturally right here in Australia, our spice blends spell well-being and health!

Each blend comes with simple-to-follow recipes on the reverse of each packaging. Get some today and enjoy a relaxed healthy meal!
